VILLA

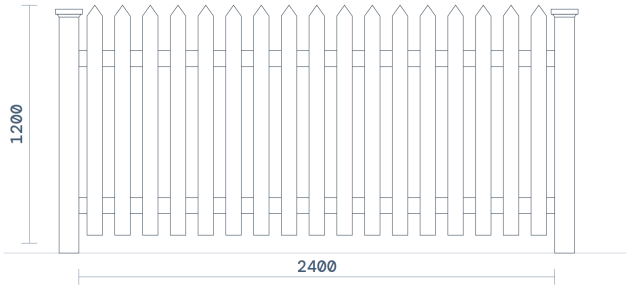

PICKET

A classic picket look without the maintenance. The pickets are centred through the rails, so the fence looks the same from both sides.

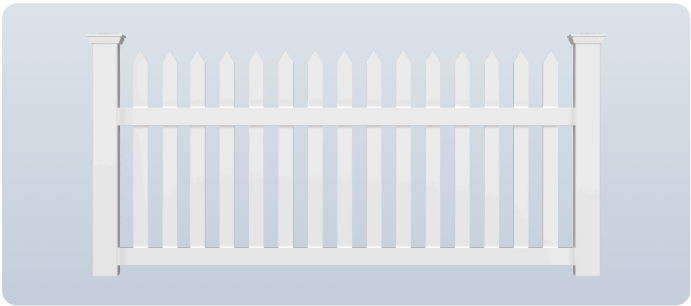

- PICKETS CENTRED THROUGH THE RAILS
- SAME LOOK BOTH SIDES
- MATCHING GATES IN VARIOUS SIZES

DIMENSIONS

ELEVATION IN MM. PANEL 1200 MM H × 2400 MM W.

SPECIFICATION

Format	**Picket**
Screening	**Open**
Standard panel	**1200 mm H × 2400 mm W**
Colour	**White**
Material	**100% virgin vinyl (PVC), 10 parts per 100 titanium dioxide UV inhibitors**
Warranty	**15 years**
Gates	**Custom built to match, pedestrian to driveway**

Posts are concreted in. In high-wind zones we recommend aluminium inserts in every second or third post. Care: an occasional wash, water-blast safe up to 1600 psi. Never paint (this voids the warranty).
